

Founded in 1985, Dolly Parton's Imagination Library partners with local champions throughout the world to boost early childhood literacy. Working with a network of libraries, health services, and education organizations, the Community Foundation launched the Imagination Library in 2018, making it possible for all St. Joseph County children under age five to enroll in this remarkable program. From birth until they turn five, each child who participates receives a free, new, age-appropriate book in the mail every month, encouraging a lifelong love of reading.
